subdistricts, 62
villages,
and 1.626
Neighbourhood

POPULATION

+/- 750.000
HETEROGEN
POPULATION

A decorative graphic of a blue river winding across the top left of the slide. The text "SUNGAI BATANGHARI" is written in small blue capital letters along the river's path.

Vision

**REALIZATION OF JAMBI CITY AS A CENTER
FOR COMMUNITY - BASED ON TRADING AND
SERVICE WITH GOOD CULTURE
TO OPTIMAL PUBLIC SERVICE**

A blue speech bubble with a white border, containing the word "Mission" in white text.

Mission

1. Strengthening law bureaucracy and improving public service based on information technology
2. Strengthening law enforcement, community service and community comfort
3. Strengthening infrastructure management and urban utilities and environmental management
4. Strengthening urban economic capacity
5. Improve the quality of urban communities

Development Challenges

1. Population Growth (needs for food, housing and clean water increase as well)
2. Quality of Natural Resources decrease
(Disposing domestic waste directly to the river, community behavior, water capacity and water conservation, reduce quality of drinking water intake from Batanghari river)
3. The Impact of Global Warming
Lanina (high rain intensity and longer)
EINino (drought)

**Jambi City innovation,
policies and local
regulations**
