3 DEDICATED CYCLE LANES IN DOWNTOWN AREA OF KUALA LUMPUR

4

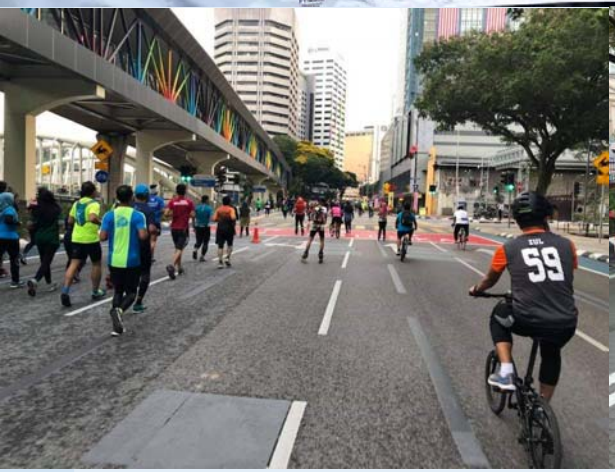
PROPERTY DEVELOPERS ARE ENCOURAGED TO BUILD GREEN BUILDINGS WITH SPECIAL INCENTIVES PACKAGE

5

AIR-CONDITIONED ELEVATED WALKWAYS ARE RUN BY SOLAR ENERGY

KUALA LUMPUR CAR FREE MORNING

KL CAR FREE MORNING



7 IDLING UTILITY RESERVES ARE USED TO PLANT MORE TREES

8

IMPOSING RAINWATER HARVESTING SYSTEM AS APPROVAL CONDITION FOR ALL NEW BUILDINGS

Rain water is harvested to help conserve water in the buildings, and to reduce the use of treated water from the utility. That way, this water can be applied to the cooling system condenser as well as being used to water the landscape and for general cleaning purposes.

9

STREET PLANTINGS FOR SHADES TO ENCOURAGE WALKING

10 FREE BUS RIDES WITHIN DOWNTOWN AREA

11 COMMUNITY FOOD WASTE COMPOSTING PROJECT

12 TURNING USED COOKING OIL INTO B10 BIODIESEL *(Pilot Project)*
